GRANNY SQUARE BLANKET

Using mustard yarn and 8 mm hook

- **Row 1:** (Your beginning chain needs to be about 16" long, it will be used later to sew the head onto the blanket.) Do a magic circle then chain 3 (this counts as a dc), then 2 dc, then [ch 2, 3 dc], repeat 2 more times, then ch 2 and sl st in top of the chain 3 you started with (20) you should have a square-ish shape like pictured
 - P.S. Don't pull the magic circle too tight, you want a small hole to remain in the center.
- **Row 2:** Chain 3, turn your work, you're now working on the backside, in that corner space do [2 dc, ch 2, 3 dc], in the next corner space do [3 dc, ch 2, 3 dc] repeat this in the next 2 corner spaces. Sl st to the top of the chain 3. (32)

- **Row 3:** Chain 3, turn your work, in that same space you're going to do 2 dc, then in the corner space do [3 dc, ch 2, 3 dc] in the next space along the side of the square do 3 dc, then in the corner space do [3 dc, ch 2, 3 dc], repeat this all the way around then sl st to the top of chain 3.
- **Row 4-9:** Repeat row 3, the bigger the blanket gets, the more spaces will appear along the sides, continue to do 3 dc in those side spaces. When you get to the end of row 9, change colors to the Bernat Blanket Birch when you do the slip stitch into chain 3. This is the best way to not show the color change.

- **Row 10-11:** Repeat same steps in row 4-9 in the new color
- **Row 12:** Chain 1, turn your work, now single crochet in every stitch around, when you reach the corners put 3 sc in each. Before you sl st at the end, change colors back to mustard.
- **Row 13:** Chain 1, turn your work, now single crochet in every stitch around again. When you get to the corners, do 3sc into the middle stitch. Sl st to beginning chain.
- **Row 14:** Chain 1, don't turn your work. To add a nice finished touch, slip stitch all the way around the blanket, make sure you don't have any tension, this should be a pretty loose slip stitch (if too tight, it will make ends curl up).

(Using Caramel/Brown and 6.5mm hook)

- Round 1: Start with a magic circle of 6 sc stitches (6)
- Round 2: inc in every st around (12)
- Round 3: sc in every st around (12)

- Round 7: [dec, sc in next 2 sts] repeat around (7) *you'll end on a dec*
- Round 8-14: sc in every st around (7)
- Cut an 8" tail and sew onto both sides of the body on round 5 of the body

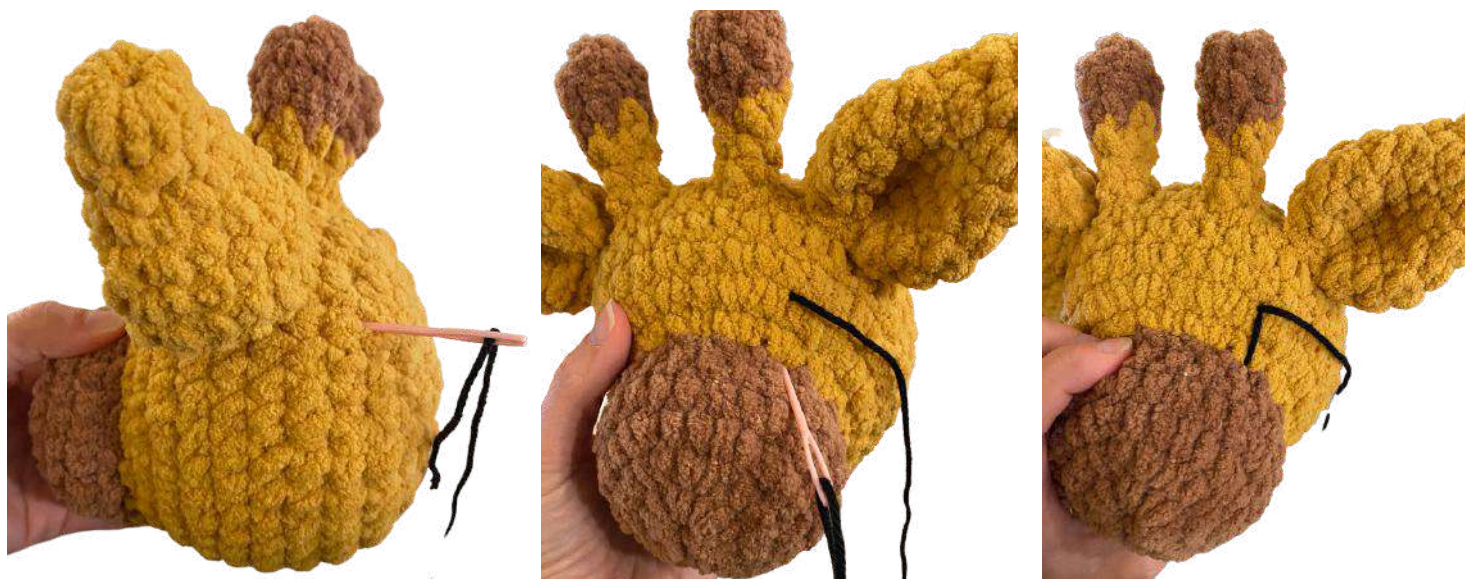

NEXT: Sew the two knobs onto the top of the head between round 11 and 12

NEXT: Sew the ears onto either side of the head also between round 11 and 12 of the head, about 1/2 inch to the outside of either knob

NEXT: Let's add eyes. Grab 2 feet of black worsted weight yarn and your needle. Insert needle in the back of the head and come out between round 8 and 9, align with the inside edge of ear. Pull yarn so there's only 4 inches left in the back of the head.

Now insert the needle between round 6 and 7 and come back out the same stitch where you started. Only work in these two stitches. Continue wrapping the yarn slowly until eye gets thicker, then start guiding the yarn along the right and left side so that it hugs the sides. This is what eventually makes the eye round.

When you have a nice full round eye, insert needle into the back of the head into the same stitch where the yarn entered, then tie the two ends together and push them into the head.

Repeat on the other side, with 5 stitches in between the eyes.

Now grab 12" of white worsted weight yarn and needle. Insert in back of head again. Carefully push it through the upper right of right eye, go to the left about 1mm then poke needle carefully back into eye and come out of the bottom through the same stitch you were using for the black part of eye.

Then guide yarn along the right side of the eye and insert the needle at the top center stitch above eye, then come back out the back of the head to meet the yarn in the same stitch where you entered. Tie the two ends together and push into the head. Repeat for left eye, hugging white yarn on left side of left eye.

Happy Eye Brows

Now grab another 12" of black worsted weight yarn and needle. Push needle through back of the head again. Come out between round 9 and 10 aligned with the right side of right eye, go over 2 stitches to the left and insert needle back inside head, come back out aligned with the right side of the left eye and go over 2 stitches to the left and poke back into head, push needle through back of head in same stitch where you entered and tie to ends together (loosely, if you tie too tight it will make the eye brows disappear).

SHORT HAIR ALONG HEAD

Now grab the 6.5 mm hook and caramel/brown yarn. Insert the hook at the top of the head between the two knobs. Grab the brown yarn and pull it through, then chain 5, then place the hook in the head again in the next stitch down, pull yarn through with hook, slip stitch, then chain 5 again. Repeat this until you get to the back bottom part of head. Cut 6" tail and weave in both ends.

NOW SEW HEAD ONTO BLANKET

Grab the yarn needle and the 16" beginning tail from the blanket. The best way to make sure the giraffe head is centered is to fold the blanket in half so the tail is sticking out of the center then insert the yarn needle between round 10 and 11 of the bottom of the head. This is your starting point.

Use yarn needle to sew in and out around that row 1 of blanket until giraffe head is secured. Tuck remaining tail into the head.

NOW SEW ON ARMS

Grab the yarn needle and sew the arms onto the bottom of the head where the head and blanket meet.

SNOUT & HEAD

(Start with White Super Bulky Yarn and 6.5mm hook)

- Round 1: Start with a magic circle of 6 sc stitches (6)
- Round 2: inc in every st around (12)
- Round 3: [inc, sc in next st] repeat around (18)
- Round 4: [inc, sc in next 2 sts] repeat around (24)

- Round 9-10: sc in every st around (25)

- Round 12-19: sc in every st around (20)
- Round 20: [dec, sc in next st] repeat around (12)
- Round 21: dec around until hole closes

NEXT: Sew ears onto top of head between round 19 and 20, with 3 sts in between them

NEXT: Let's add the mane. I decided to make my mane with light weight yarn and a small hook, but feel free to make your mane with super bulky weight yarn and your 6.5 mm hook (it is faster that way). If you want to do it the way it's pictured, here we go!

Grab your black worsted weight yarn and a 5 mm hook. Insert the hook at the top of the head between the ears, close to the right ear. Grab the black yarn and pull it through, then chain 15, then place the hook in the head again in the next stitch over, pull yarn through with hook, slip stitch, then chain 15 again. Repeat this until you get across the row like "bangs." Once you finish the "bangs," the remaining locks of mane I did a mix of chain 20 and chain 22. Add these locks until you can't see the back of head.

NEXT: Let's add eyes. Grab 4 feet of black worsted weight yarn and your needle. Insert needle in the side of the head and come out between round **13 and 14**, align with the inside edge of ear. Pull yarn so there's only 4 inches left in the back of the head.

Now insert the needle back into the head two rounds down from where you entered, then come back up through the first stitch you entered. Only work in these two stitches. Continue wrapping the yarn slowly until eye gets thicker, then start guiding the yarn along the right and left side so that it hugs the sides. This is what eventually makes the eye round.

When you finish the right eye, simply insert the needle into the lower stitch and come out 4 stitches to the left of the right eye. This width could vary (maybe 5 sts), just make sure the eyes are centered. Use the bobble stitches and ears as guides. Repeat the same thing for the left eye. When you finish, insert the yarn needle back into the head and come out the original stitch that you entered. Tie the two ends together then push into head to disappear.

Now let's add the white to the eyes.

Grab 4 feet of white worsted weight yarn and your needle. Insert in the side of the head again. Carefully poke yarn up through the upper center area of eye, then insert needle back into head at the top of the eye, you created a small white straight vertical line.

Then bring yarn out of the same bottom stitch you used for the black part of eyes, then hug it around the side and insert needle back into head through the top stitch used for black part of eye. Do this about 4-5 times to get a nice thick white area around right side of right eye.

When you finish the right eye, move the needle through the head to poke out of the upper center of the left eye and repeat everything but along the left side of the left eye. When you finish, poke yarn through the head to meet up with the beginning tail where you entered, tie the two in a knot (but not too tight) and push into the head to disappear.

ARMS x2

(Using Black Super Bulky Yarn and 6.5mm hook)

- Round 1: Start with a magic circle of 8 sc stitches (8)
- Round 2: inc in every st around (16)
- Round 3: sc in the very back loop (not *the* back loop, but the one behind that one, basically putting an sc in a flat area of the circle, this will form the hoof shape, I'm sorry the photos are hard to make it out!
- Round 4: sc in every st around (16)
- SWITCH TO BROWN HERE
- Round 5: sc in every st around (16)
- Round 6: [dec, sc in next 2 sts] repeat around (12)
- Round 7-12: sc in every st around (12)
- Round 13: [dec, sc in next 2 sts] repeat around (8)
- STUFF 3/4 of arm WITH POLYFIL
- Round 14-17: sc in every st around (8)
- Round 18: dec all the way around (4)
- Cut an 8" tail and set aside

NOW SEW HEAD ONTO BLANKET

Grab the yarn needle and the 16" beginning tail from the blanket. The best way to make sure the horse head is centered is to fold the blanket in half so the tail is sticking out of the center then insert the yarn needle into the bottom of the head, where the mane and head meet. You want the long face of the horse to sort of hang in front of the blanket so you sew along the edge near the mane. Make sure you're sewing along row 1 of the blanket, around that center circle.

NOW SEW ON ARMS

Place the arms at
the very back of the
head near the mane
and sew on the
bottom of the head.

You'll notice the more you do this, the rounder and thicker the eye gets.

Use yarn needle to insert yarn on side of head, poke yarn out on the left side of the right eye, insert the needle back into head onto right side of right eye. Push yarn needle over to the left eye and do the same. Then take yarn back out of the head in the same stitch you entered. Tie the two ends together and stuff into the head.

Grab the gold yarn and pull it through, then chain 16, then place the hook in the head again in the next stitch over to the left, pull yarn through with hook, slip stitch, then chain 16 again. On this front row I did chain 16 and the second row I did chain 18. For the remaining locks down the neck I did a mix of 20 and 22. Continue making loops down to the upper back of body. Weave in two tails.

- Leave 12" tail, sew on head between round 14 (front of ear) and 16 (back of ear), about a half inch to the right and left of each eye, the ears should concave

BODY

- Using GOLD and 10mm hook size
- Start body by holding head upside down with nose pointing away from you. You're going to work sc stitches **into** the head in a flat circle shape. Make sure it's centered with eyes. There should be 5 sc stitches on the long sides and 1 sc stitch on the two short sides.

Round 1: sc around in flat circle (12)

Round 2: (now switch to double crochet stitch), **without slip stitching**, [dc in next st then inc] repeat around (18)

Round 3: dc in each stitch around (18)

Round 4: [dc in next 2 sts, inc] repeat around (24)

ARMS x2

Using GOLD and 8mm hook size

Round 1: Start with a magic ring of 6 stitches

Round 2: [inc in each st around] (12)

Round 8: [dec, sc in next 2 sts] repeat around (9)

Round 11: [dec, sc in next 2 sts] repeat around (6)

Round 12-13: sc in each st around (6)

- Leave 12" tail and sew onto either side of the body. Sew each arm on between round 2 and 3 of the body.

LEGS x2

Using GOLD and 8mm hook size

Round 1: Start with a magic ring of 6 stitches

Round 2: [inc in each st around] (12)

Round 3: [sc in next st, inc] repeat around (18)

Round 4-7: [sc in each st around] (18)

Round 8: [dec, sc in next st] repeat around (12)

Round 9-10: [sc in each st around] (12)

- Stuff with polyfil as you go

Round 11: [dec, sc in next st] repeat around (8)

Round 12: [sc in each st around] (8)

- Leave 12" tail and sew onto the bottom of the body, lining up the outside edges of leg and body.

TAIL

Using GOLD and 8mm hook size

- Chain 6, hdc in 3rd chain from the hook, hdc across row, leave 6" tail, sew on round 11 of body
- Cut (2) 12" strains of **red rust** yarn, fold them in half, poke hook through end of gold tail, pull 2 strains through the hole, yarn over, pull 4 strains through the hole (like you're adding fringe to a blanket).

MANE (do this last!)

Using RED RUST and 8mm hook size

- This part takes the longest, but it's so worth it in the end ☺ Start the mane by holding head upside down with nose toward you. Start **between round 12 and 13** of the head.

- You're going to need a 6" tail, then work **one slip stitch into the head**, chain 14, then slip stitch back into the head in the next st on the same round. Go all the way around the head, then move on to the **next round, between 13 and 14** and do the same thing. Fill in the gaps around the ears. Once you get the hang of it, you can see how easy it is to maneuver around the ears.

- Continue round by round doing this same thing until the entire head is covered and you get to round 22 of the head. Leave a 6" tail and weave it into the head. Do the same with the initial 6" tail too.

Sweater Jacket

Using Bernat Blanket Yarn and 8mm hook

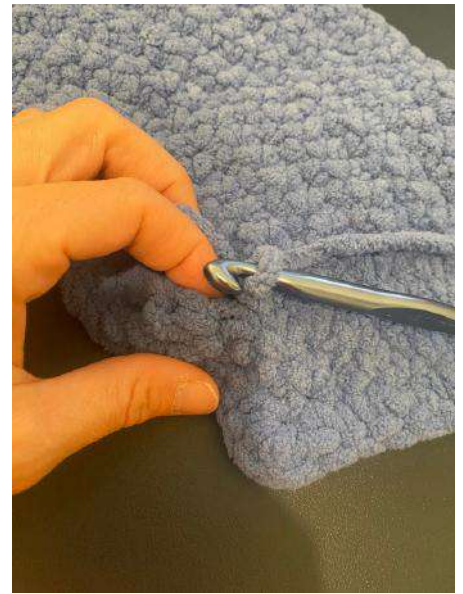

- Row 1: Chain 21 then sc across all chains (20), turn
- Row 2: Chain 1, inc, sc in next 2 sts, chain 6 and skip the next 6 chains, then sc in next the next 2 sts, chain 6 and skip the next 6 chains, then sc in next 2 sts, inc (22), turn
- Row 3: Chain 1, sc in every st across (when you get to the chain 6 you'll do single crochets around the chains) (22), turn
- Row 4: Chain 1, inc, sc in next 9 sts, inc in next 2 sts, sc in next 9 sts, inc (26), turn
- Row 5: Chain 1, sc in every st across (26), turn
- Row 6: Chain 1, inc, sc in next 10 sts, inc, sc in next 2 sts, inc, sc in next 10 sts, inc (30), turn
- Row 7: Chain 1, sc in every st across (30), turn
- Row 8: Chain 1, inc, sc in next 11 sts, inc, sc in next 4 sts, inc, sc in next 11 sts, inc (34), turn
- Row 9: Chain 1, sc in every st across (34), turn
- Row 10: Chain 1, inc, sc in next 12 sts, inc, sc in next 5 sts, inc, sc in next 12 sts, inc (38), turn
- Row 11: Chain 1, sc in every st across (38), turn
- Row 12: Chain 1, inc, sc in next 13 sts, inc, sc in next 8 sts, inc, sc in next 13 sts, inc (42), turn
- Row 13: Chain 1, sc in every st across (42)
- Don't turn, now chain 1 and do a single crochet around the entire perimeter of the vest. When you get to the corners, do 3 sc in each corner.
- Cut an 8" tail and weave in the ends.

Let's add sleeves

- Round 1: In the corner of the sleeve hole, insert your hook in the front loop of the existing stitch. Grab yarn from skein and do a single crochet to get hooked on. You're going to do the top part of the sleeve first (meaning on the side with the collar), adding single crochets into all front loops. When you get around to the "armpit" part where you previously single crocheted over those 6 chains to make the sleeves, you'll just single crochet across that again. I ended up with 15 sts in this first round. Then slip stitch to the beginning chain. (15)
- Round 2-8: Chain 1, sc in every st around (15), slip stitch to the beginning chain
- Round 9: sl st in every st around for a nice finished touch!
- Cut 8" tail and weave in your ends.

Repeat for other sleeve.

Thank you for

to life!

Then do the same to the left side. Poke yarn needle through left side of left eye and back through the top right of the left eye. Do this twice. Tie the two loose ends together inside the head, but make it a loose tie because the head will stretch some when you stuff with polyfil.

- Round 17: [dec, sc in next 4 sts] repeat around (30)
- Round 18: [dec, sc in next 3 sts] repeat around (24)
- Round 19: [dec, sc in next 2 sts] repeat around (18)
- Round 20: [dec, sc in next st] repeat around (12)
- Round 21: [dec around until hole closes]
- Leave a 12" tail
- Now sew the ears onto either side of the head between round 4 and 6 of the head., then sew snout onto head just below the eyes.

BODY

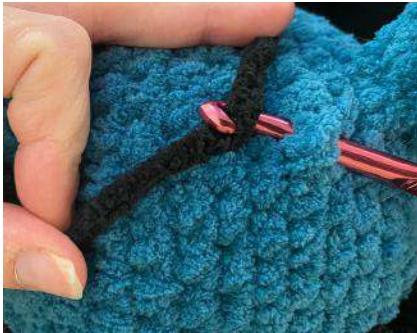

Using dark teal yarn

- Round 1: Start with a magic circle of 12 double crochet sts (remember chain 2 first), sl st to first dc in round (12)
- Round 2: chain 2, [inc in each st around] sl st to first dc in round (24)
- Round 3-4: chain 2, dc in every st around, sl st to first dc in round (24)
- Round 5: chain 2, [inc, dc in next st] repeat around, sl st to first dc in round (36)
- Round 6: chain 2, dc in every st around, sl st to first dc in round (36)
- Round 7: chain 2, [inc, dc in next 2 sts] repeat around, sl st to first dc in round (48)
- Round 8-13: chain 2, dc in every st around, sl st to first dc in round (48)
- Round 14: chain 2, [dec, dc in next 2 sts] repeat around, sl st to first dc in round (36)
- Round 15: chain 2, dc in every st around, sl st to first dc in round (36)
- Round 16: chain 2, [dec, dc in next st], sl st to first dc in round (24)
- Round 17: chain 2, dc in every st around, sl st to first dc in round (24)
- Now you're going to close the body by pressing the two sides together and doing a hdc stitch across the bottom to close it. Cut an 8" tail and weave it in.
- Now sew the head onto the body. The straight edge is the bottom of the body.

Now let's add the hair. Grab your black yarn and crochet hook. Starting at the top of the head in between the ears. You're going to make one straight line of hair from the top of the head to the upper "back" of the body.

Place the hook through one stitch at the top of the head. Grab the black yarn and pull it through, then chain 7, then place the hook in the head again in the next stitch, pull yarn through with hook, slip stitch, then chain 7 again. Repeat this until you get to the upper back of the body. I took mine down to round 5 of the body.

Now you're going to add the tail.

Do the same thing you did for the hair on its head, but chain 25. I added 5 total loops between round 14 and 15 of the body. Tie the two loose ends together and tuck into the body.

Using black yarn

- Round 1: Start with a magic circle of 6 stitches (6)

Getting Started

Finished Size

Approximately 20-22" in length

What You Will Need

- 1 Skein Bernat Blanket Yarn, Color: Light Teal
- 10 feet of Bulky White Yarn (I used Loops & Threads Sweet Snuggles Lite)
- 1 Pair of 18mm Safety Eyes
- Polyfil Stuffing
- 1 Yarn Needle
- 8.00 mm Crochet Hook

Abbreviations

MC – magic circle

CH – chain

STS – stitches

SC – single crochet

DC – double crochet

SL ST – slip stitch

INC – increase (2sc in 1 st) *(the body is worked in dc, using dc inc's)

DEC – decrease (stitch two together, sc2tog) *(for the body, dc2tog)

(#) at end of each round represents how many stitches should be in that round

BOBBLE STITCH: You are essentially doing multiple double crochet stitches in ONE stitch, here is the breakdown: (yarn over, insert hook into stitch, pull up a loop, yarn over, pull through first two loops on hook) repeat this 3 more times for 5 total loops on hook, yarn over, pull through all 5 loops*

BODY

Using light teal yarn (NOTE: Unlike most amigurumi that is worked in the round for the body, I worked with slip stitches and started a new row every time. I did not have a noticeable line where the slip stitch connection was, but if you do, you could just make that the back of the alligator, which will be covered mostly by the tail and two "spine" pieces.)

- Round 1: Create magic ring, chain 1, then 6 sc into the ring, sl st in first chain (6)
- Round 2: Chain 2, then 2 dc (inc) in every st around, sl st in first chain (12)
- Round 3: Chain 2, dc in every st around, sl st in first chain (12)
- Round 4: Chain 2, [dc in next st, inc] repeat around, sl st in first chain (18)
- Round 5: Chain 2, dc in every st around, sl st in first chain (18)
- Round 6: Chain 2, [dc in next 2 sts, inc] repeat around (24)
- Round 7: Chain 2, dc in every st around, sl st in first chain (24)
- Round 8: Chain 2, [dc in next 3 sts, inc] repeat around, sl st in first chain (30)
- Round 9: Chain 2, dc in every st around, sl st in first chain (30)
- Round 10: Chain 2, [dc in next 4 sts, inc] repeat around, sl st in first chain (36)
- Round 11-13: Chain 2, dc in every st around, sl st in first chain (36)
- Round 14: Chain 2, [dec, dc in next 4 sts] repeat around, sl st in first chain (30)
- Round 15: Chain 2 [dec, dc in next 3 sts] repeat around, sl st in first chain (24)
- Round 16: Chain 2 [dec, dc in next 2 sts] repeat around, sl st in first chain (18)
- Round 17: Chain 2, dc in every st around, sl st in first chain (18)
- Now close the body by using a hdc (half double crochet) across the bottom of the round, press the two sides together and hdc both sides together until the round is closed and you have a straight edge at the bottom. Leave a 6' tail and weave it in the body.

SNOUT & HEAD

Using light teal yarn (NOTE: I suggest using a **stitch marker** for the head because you'll need to keep track of where each round ends and the next one begins. When you're working in an oval shape like this, it's harder to keep track of. Trust me, I learned the hard way ;) It doesn't have to be a plastic stitch marker. After I completed the first round, I just tied a contrasting color yarn around the first stitch in the round 1 and kept it there for the entirety of making the head. Very helpful!)

- Round 1: Chain 6, sc in 4 ch across, 3 sc in last ch (now you're starting on other side), sc in next 4 ch, 2 sc in last chain (13)
- Round 2: inc, sc in next 4 sts, inc, sc next st, inc, sc in next 4 sts, inc (17)
- Round 3: sc in next st, inc, bobble stitch, sc in next 3 sts, bobble stitch, inc, sc in next st, inc, sc in next 6 sts, inc, sc in next st (21)
- Round 4-16: sc in every st around (21)
- Round 17: sc in next 4 sts, inc in next 3 sts, then sc in remaining sts around (24) *NOTE: Depending on your starting point, you may need 5 sc before the 3 increases. You just want to make sure the 3 inc's are **centered**. Working in this oval/rectangular shape can be a bit tricky with stitch counts!

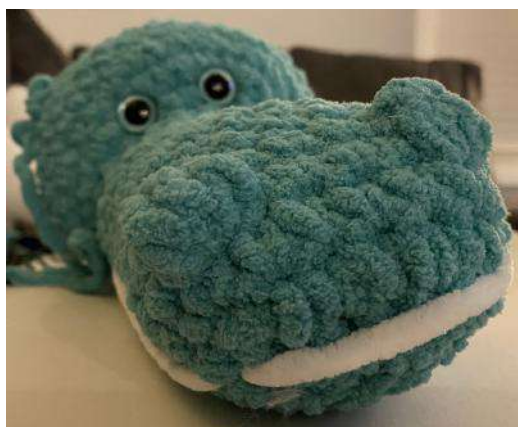

- Round 18: sc in next 4 sts, [inc, sc] repeat 2 more times, then sc in next 3 sts, then inc in next 2 sts, then sc in next 8 sts, then inc in next 2 sts (31)
- Round 19-24: sc in each st around (31)

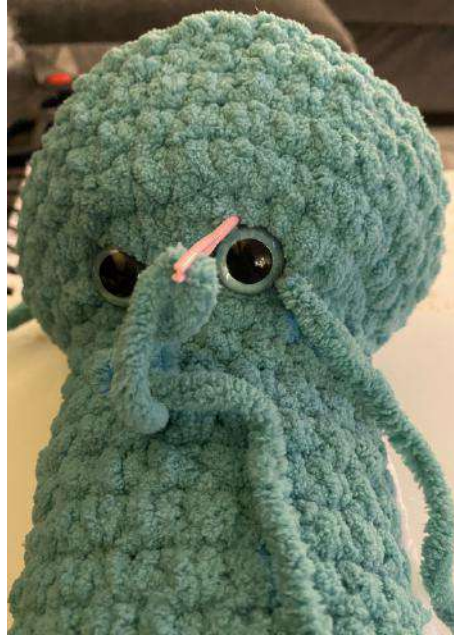

* Snap in safety eyes between round 17 & 18, with 2 sts in between eyes, then stuff the whole snout with polyfil

* Let's add the smile/teeth here. Take 2 feet of bulky white yarn and your yarn needle. Starting from inside the head (*leave 6" of white yarn inside the head*), poke yarn needle through to the outside on the side of the head, between round 16 and 17, then go back inside between round 3 and 4, then poke back through to the outside between round 2 and 3, then poke back inside

through between round 2 and 3, then back out between round 3 and 4, then take it all the way back inside between round 16 and 17. Inside the head, then *tie the two ends of white yarn together*.

*Now we're going to add the **accent** to the eyes. I'm not sure what to call them! "**Eye brows?**" Take 2 strands of light teal yarn, about 6" each. Grab your yarn needle. Starting inside the head and the right eye (if alligator is facing you), poke needle through the right side of the right eye, then poke back inside at the top left corner of the eye, then repeat, and tie two loose ends together inside the head. Do the same to the left eye, starting on the left side of the eye.

Let's finish the head!

Stuff with polyfil as you go

Round 25: [dec, sc in next 3 sts] repeat around (24)

Round 26: [dec, sc in next 2 sts] repeat around (21)

Round 27: [dec, sc in next st] repeat around (14)

Round 28: [dec around], leave 18" tail, sew hole closed, you'll use the rest of this long tail to sew on the body

*Take that long tail and sew the head onto the top of the body between rounds 1 and 2. I usually sew around twice to make sure it's secure.

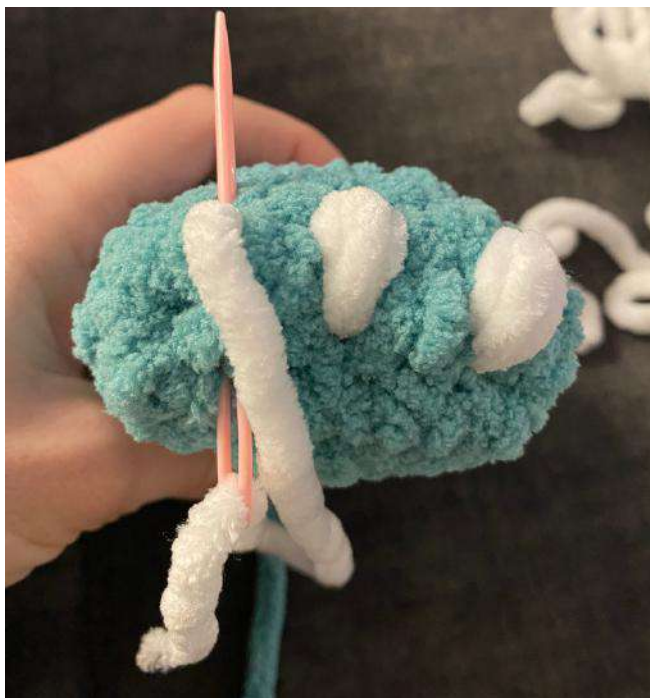

FEET x2

- Round 1: Chain 6, sc in 4 ch across, 3 sc in last ch (now you're starting on other side), sc in next 4 ch, 2 sc in last chain (13)
- Round 2-9: sc in every st around (13)
- Stuff with polyfil as you go
- Round 10: [dec, sc in next 2 sts] repeat around (9)
- Leave 12" tail, sew both feet to the bottom of body
- Let's add "fingernails" now! Cut 2 feet of white bulky yarn and grab your yarn needle. Start "wrapping" the white yarn at the end of the feet, with 1-2 sts between each one. I wrapped at least 4 times for each fingernail, then tucked in loose ends w/needle.

ARMS x2

- Round 1: Chain 6, sc in 4 ch across, 3 sc in last ch (now you're starting on other side), sc in next 4 ch, 2 sc in last chain (13)
- Round 2-9: sc in every st around (13)
- Round 10: [dec, sc in next 2 sts] repeat around (9)
- Round 11: sc in every st around (9)
- Stuff with polyfil as you go
- Round 12: [dec, sc in next 2 sts] repeat around (6)
- Round 13: sc in every st around (6)
- Leave a 12" tail and sew each arm on the body, right where the head and body meet

TAIL

Using light teal yarn

Round counts can be tricky when making a triangular shape so I'm going to share a **non-traditional way** to explain this. In lieu of counting stitches in each round, below is how I do it:

- Start with a magic ring of 6 stitches
- Basically, you are going to count to 21 and add an inc every time you reach the next number
- Inc, sc in next st, inc, sc in next 2 sts, inc, sc in next 3 sts, inc, sc in next 4 sts, inc, sc in next 5 sts, inc, sc in next 6 sts, inc, sc in next 7 sts, inc, sc in next 8 sts, inc, sc in next 9 sts, inc, sc in next 10 sts, inc, sc in next 11 sts, inc, sc in next 12 sts, inc, sc in next 13 sts, inc, sc in next 14 sts, inc, sc in next 15 sts, inc, sc in next 16 sts, inc, sc in next 17 sts, inc, sc in next 18 sts, inc, sc in next 19 sts, inc, sc in next 20 sts, inc, sc in next 21 (32 stitches total)
- Then sc around for 2 more rounds
- Stuff with polyfil
- Leave 12"-16" tail and sew onto the lower back of body

"SPINES" x2

Let's add the two long "spines" along the back.

- Chain 35, sc across all chains
- Leave an 18" tail
- Sew both "spines" onto the back of the tail and all the way to where the head and body meet

EYE DETAILS

Using 2 feet white worsted weight yarn and yarn needle

- Insert yarn needle into the head just behind the right eye (leaving at least 6" tail), poke yarn out to the right side of the right eye then go back in on the left side of the right eye so that the white yarn hugs the bottom half of the eye. Repeat on the left eye. When you finish, use the yarn needle to move the yarn tail to the beginning tail. In the same stitch, knot them together then stuff inside the head.
- I like to do the same with black worsted weight yarn hugging the top half of the eyes. Do the same way as the white but hug the top half.
